Glossary of Key Terms

- **Active Enrollment:** Members with active coverage under Healthy Connections Prime. This does not include individuals who are enrolled but whose coverage has not started yet.
- **Cancellation:** A request by an individual to be removed from the program **before** the coverage effective date. For example: An individual has been passively enrolled into a Medicare-Medicaid Plan but they ask to leave the program before the coverage effective date. This request will delete the enrollment from all enrollment systems. This would be considered a cancellation.
- **Community:** At home or in a community-based setting, such as a Community Residential Care Facility (CRCF). Not in a nursing facility.
- **Community Residential Care Facility (CRCF):** CRCFs offer room and board and, unlike boarding homes, provide a degree of personal care for a period in excess of 24 consecutive hours for 2 or more persons, 18 years old or older.
- **Custodial Stay:** Member's stay in a nursing facility under an approved Medicaid Long Term Care Stay, and not for temporary rehabilitation.
- **Disenrollment:** A request by an individual to be removed from the program **after** the coverage effective date. For example: An individual has opted into a Medicare-Medicaid Plan but they ask to leave the program after the coverage effective date. This request will end the current enrollment coverage at the end of the month it is submitted. This would be considered a disenrollment.
- **Home and Community Based Services (HCBS) Waiver:** HCBS waivers provide services and supports for persons eligible for nursing home care stay longer in the community (home and community-based settings). Examples of such services and supports are: assistance getting dressed, home delivered meals, and wheelchair ramps. HCBS are offered through one of three waivers: Community Choices, HIV/AIDS, and Mechanical Ventilator Dependent. Plans may also offer these services to non-waiver participants based on medical need.
- **Non-Custodial Stay:** A member's stay in a nursing facility for temporary rehabilitation and not for long term care.
- **Opt-in Enrollment:** A request by an eligible individual to actively join a Medicare-Medicaid Plan.
- **Opt-out:** A request by an individual to affirmatively decline passive enrollment into the Healthy Connections Prime program. Once an individual has opted out, the State must document this and exclude him/her from future passive enrollment processing. There are three scenarios where opt-out requests can be received:
 - The individual opts-in or is passively enrolled, and then opts out **before** the enrollment effective date. The State must **cancel** the enrollment along with opting the individual out of the program.
 - The individual opts-in or is passively enrolled, and then opts out **on or after** the enrollment effective date. The State must **disenroll** the individual along with opting the individual out of the program.
 - An individual **has not opted-in** to the program and he/she **has not been passively enrolled** but he/she requests to opt-out. The State must opt the individual out of passive enrollment into the program.
- **Passive Enrollment:** An auto assignment into a Medicare-Medicaid Plan for an eligible individual who has not actively chosen to join the program. Please note that if an individual does not take action to end their coverage, their membership in the program will be considered voluntary.
- **Plan:** A Medicare-Medicaid Plan (MMP) that is offering coverage under Healthy Connections Prime.
